

The FELASA Award 2025

Laboratory Animal Science in Europe

FELASA established in 2007 a triennial Award to recognize a significant contributor to the achievements of FELASA's aims and objectives. The awardee would have led by example through publications and dedication towards laboratory animal science improvements regarding animal use and welfare in research or education.

Nominations can only be made by FELASA member associations and should be sent to secretary@felasa.eu by 5th January 2025. Nominations will highlight the contribution to the award's objectives.

The FELASA Award will be judged by the FELASA Executive Committee, whose decision is final.

The award – an inscribed plaque and a prize of € 2000 – will be presented during a special session at the 16th FELASA Congress 2025, June 2-5, 2025 in Athens, Greece. The recipient of the FELASA Award 2025 will be a keynote speaker during this session.

Individuals working in any FELASA member association country are eligible.

**Awarded every third year at the
FELASA Congress**
